

As lifelong Republicans, we have served our party as members of the community and as elected officials. We have all worked tirelessly to elect Republicans across Cincinnati. However, on November 4, **we will be supporting Micah Kamrass**, the Democratic candidate running for the Ohio House of Representatives for the 28th District.

Like a lot of people, we have been greatly distressed by the low level to which politics has fallen, and we are saddened by the negative advertising, misrepresentations and candidates who are "willing to do whatever it takes" to win. Micah's opponent, Jonathan Dever, has been disgustingly negative in his primary campaign against Rick Bryan, and now in the general election against Micah. It is time for voters to ignore party affiliation and just say no to candidates who behave that way. Integrity is far more important than political party.

Micah is the candidate of integrity. He and his family are an important part of the fabric of our community and have been for decades. They are known and respected across our region. When the *Cincinnati Enquirer* endorsed Micah, they wrote that he is "politically moderate... truly understands the community in which he grew up, and emphasizes his agreements with Republican Gov. Kasich." They also wrote "Dever doesn't have anything close to Kamrass' nuanced grasp of the issues." Check out the endorsement for yourself!

While we will not agree with Micah on every issue, we are confident that Micah will base his legislative positions on facts, thoughtful analysis and genuine concern for the people and municipalities for the 28th district. He will reach across the aisle to work productively with thoughtful members of both parties to move Ohio forward. **Encourage Republicans and Democrats to vote for a real leader and a person with true integrity, Micah Kamrass.**
